Dear Ms. Cook,

Currently our office has not received any applications or fees concerning the above referenced property.

Also, it appears that approximately half of the property is located within in the Town of Warrenton. Please note that if the proposal is located within 300 feet of the public sewer the lots must be connected to the public sewer system unless our office received written permission from the Town of Warrenton stating that they have no objection to the proposal.

If there are any further questions please contact us at 347-6375.

Sincerely,

John R. Largent
Environmental Specialist I
